

Attend this **ERP Strategy Webinar** and receive a **Complimentary one-day ERP Assessment*** from Trissential.

Running an old version of JD Edwards and unsure of your best course of action?

- Debating whether or not to upgrade to a newer version of JDE, but just not sure of the costs and benefits?
- Wondering what the risks are of doing nothing?
- Considering a switch to a different ERP solution?
- Interested in what an ERP Strategy is and how to develop one?

Trissential will help you to address some of these business critical questions and talk about the importance of having a forward looking ERP Strategy.

In today's uncertain times it is even more important that you have a plan in place for your company's future. Trissential has a proven approach and the experience to help choose the direction that is best for your company, planning strategically for its improvement and growth.

Speaker: **Craig Thielen, VP Enterprise Applications, Trissential**
